

LeagueLoch is a portable database for the management of an individuals legal files.

It's been provided on an as it is basis.

(Without any support or any warranties).

It is for personal use only.

No organisation is permitted to use this software without the authorisation of the software's owner.

The author of this software and all of it's supporting data, does not except any responsibility for any data lost or damage caused by it's use, the responsibility solely rests with the end-user.

Use at your own risk !!!!

I hope that this software helps you to manage all your legal paperwork !!!! Sometimes it's necessary for an individual to instigate and do some of the ground work themselves.

If you're dyslexic like I am then the text to speech in LeagueLoch will most likely help you.

Please note that this license document must always be distributed with LeagueLoch's executable files.

Your are licensed to 1 copy of LeagueLoch and the use of 1 copy !!!!

Unless otherwise authorised.

Any further licensing arrangement will depend on the author !!!!

Organisations can also register for an unlimited version of LeagueLoch.

Please also note, that the unlimited version of LeagueLoch is for the sole purpose of that organisation, to give and represent an individual on a legal basis and to be use solely for the collection of their clients data.

This license isn't transferable.

It is also, the representatives responsibility, to ensure that the installation of LeagueLoch is distributed to their client's in working order. Whether it's on an USB/DVD or not !!!!
